Terrible Torture\_The Shower Bath. The prisons of Naples, as far as exquisite torture is encerped, do not exceed in horror the New York State prison at Sing Sing. A New York paper gives an acequat of the application of the shower bath to Tom Kelly, a desperate villain, who recently led an attempt

to escape from the institution. It says: His was no ordinary case. Half a dozen keepers arrounded his cell when he came out of it, and followed him to the shower bath. Half a dozen men armed to

In the possession of ships America is almost as rich as the United Kingdom. The vessels that carry the stars and stripes have an aggregate tonnage of 5,048,807, while those bearing the colors of the Old country amount to 5,609,623 tons. Of the American vessels, the tonnage of which is given above, not less than 2,361,595 tons are engaged in the coasting trade. Of steam vessels the United States is ahead of the United Kingdom, and possesses 729,390 tons, as against 498,415 tons.

No other " material guarantee" is required for the Preservation of peace between Young America and Old England than is afforded by that stupendous commerce which has grown up between the two countries, Govcroments may change their policy and become involved in the technicalities of those small disputes which must ever arise in the management of the affairs of two great nations possessing so many points of common interest; but the producers and the consumers on each side of the Atlantic have cemented an alliance so powerful that it cannot be broken, and have formed friendships which will endure so long as freedom and progress shall continue to be the watchwords of enlightened civilization.

PROOF OF RATIONALITY.—A man residing in a New England town, at some distance from a near relative, received a message, one cold evening in December to hasten to his residence, as he was in a dying state.-When he arrived, he was told that his relative was a little better, but that his reason had entirely left him.-The sick man presently turned his head, saying, in a laint voice :

"Who is that?" He was informed that it was his relative. Oh, ah," said he, " yes, yes. He must be a-cold .-Make him a good warm toddy—yes, a toddy." "I guess he ain't crazy," said the visitor to the friends standing round; "he talks very rationally."

REVIEW OF THE WILMINGTON MARKET. FOR THE WEEK ENDING OCTOBER 17TH, 1860.

7 90 @ 8 00

will be seen that prices were unsettled in the early part of the week, on raturday sales having been made at \$2 60 for vellow dip, \$2 08 for virgin, and \$1 30 for hard, per 280 lbs. which is an advance on former quotations for soft of 10 cents - the market closing steady on that day at above figurcs. The quantity coming to market is unusually light for | Co.; with mdze. the season, and is insufficient for the demand from distillers, and we also note some enquiry for shipment. The increased firmness in the market may cause some parcels to be brought in, but as yet little can reach here from above tide-way, owing principally to the low stage of the water courses. The arrivals and sales for the week ended this morning foot up

only 1,528 bbls., as follows: Yel. Dip. \*2 50... .\$2 00 ... Thursday,. 2 04 2 04 130 425 . 2 60. 2 08 2 60 2 08 2 60. 2 08 Tuesday 2 60. SPIRITS TURPENTINE-The market for this article has ruled steady during the week ended to-day, and former quotations

have been maintained. The stock in receivers' hands is quite small, and about all that can be reached is readily taken by buyers at 40 cents for New York bbls., and 38 cents per gallon for straight lots. The transactions have been light, footing up only 1,400 bbls. for the week, as follows: Wednesday. 400 bbls. at 38 cts. per gallon. 50 11 11 40

Tuesday ... Do..... 200 " " 49 " " 200 " " 40 " " "

Do ..... 200 " 40 Rosin-No change of importance has taken place in the market for either grade since our review of Wednesday last. For No. 1 there is a moderate demand at former prices, but the transactions have been confined to small lots for the week (in all about 500 bbls.) at prices ranging from \$1 50 to \$1 75 per bbl. for fine quality. In No. 2 no sales have been reported, and our quotations in table are therefore merely bales cotton, 19 do. warp, 4 bhds hides, 4 bbls. and 4 kegs nominal. For the Common article the market has ruled inactive under the advices received, and sales cannot be effected unless at a reduced price. On Wednesday last a lot of 1000 bbls. went at \$1 05 per 310 lbs., but no sales have since taken place. The market is in an unsettled condition, and 20 bales cotton, 1,665 juniper staves, 7 boxes mdze. any quotation we might offer at present could be considered as only nominal.

TAR-None has been brought to market since our last, and therefore we have no sales to report. There is a moderate ell; with 147,382 feet lumber.

demand from buyers, and we continue to quote at \$2 15 per Schr. Theresa C., Smith, for Philadelphia, by Harriss & demand from buyers, and we continue to quote at \$2 15 per BEEF CATTLE AND SHEEP .- Both continue to be brought

in slowly, and the market is rather poorly supplied. There is a moderate demand from butchers, and fair quotations are readily obtained for prime quality, delivered here. We quote Beeves at 51 to 7 cents per lb., and Sheep at \$1 50 to \$2 50 each. BARRELS .- At present the market appears to be pretty well supplied with empty Spirits Turpentine barrels, and in the absence of the usual demand there is a very light busi-

ness doing, only one or two small lots having sold at \$1 80 a \$1 85 for selected, and \$2 10 a \$2 15 for N. Y. make. Corron .- During the week just ended the advices from abroad have imparted more firmness to the article here, and the market has ruled active at an advance of a 4 cent over previous quotations. The arrivals since our last have been rather better, though the quantity offering has not been TO WHOLESALE BUYERS.

Only one or two small lots received for the week, and sold at \$6 75 a \$7 for pine, and \$8 for oak bbls.

FLOUR.—During the week just ended we have no important change to report in State brands, though at the close of our enquiries prices have a declining tendency. The usual demand from the trade appears to have become checked, and there is nothing doing except in the retail way. We quote sales of only two or three small parcels of superfine at \$7 50 from store, and \$7 372 from wharf-closing inactive at these figures, though there is only a small stock in the hands of dealers. We quote at \$7 50 in the small way, and \$7 25 in lots; no sales, however, have been reported at

GUANO -Is in moderate stock, and sells from store at the following quotations: No. 1 Peruvian \$60; Reese's Manipulated \$52; American \$40; Sombrero \$35; Super-phosphate of Lime \$50, and Land Plaster \$10 per ton. GRAIN-For CORN the market continues to rule quiet, but HAVING PROOFS SO STRONG AND DIRECT AS TO we have no material alteration to report as regards prices. The stock on market is heavy, and sales are exceedly difficult to make unless of prime quality. Only one cargo of 2.-250 bushels Hyde county received for the week, which changed hands at 55 cents per bushel ;-scarcely any demand exists. We quote at 55 cents for ordinary, and 65 cents for prime quality, suitable for mealing purposes. --OATS AND PEAS-There is nothing doing in either except in the small way, and our quotations in table are for wholesale prices.——Rice—The market is poorly supplied with clean and rules firm at former quotation. One or two small lots have been received by dealers for the week, which are selling from first hands at 54 cents per lb. HAY-Is in moderate stock, and little or no demand from

dealers. A lot of 110 bales Northern was received on Monday, but not yet sold. LIME-Is in fair enquiry, and there is only a moderate stock on market. We quote sales from store at 85 to 95 cts. per cask for common lump, as in quantity. MOLASSES .- No late receipts of Cuba, but we notice a

moderate stock of former arrivals in the hands of dealers, and there is only a small business doing. We quote hads, at 24 a 26 cents per gallon, according to quantity. POTATOES, -Sweet are brought into market quite freely, and sell from carts at 70 to 75 cents per bushel. PROVISIONS-For N. C. cured Bacon the market continues to rule firm, and high prices are readily obtained. None of consequence received for the past week, and there is very little if any remaining in first hands. A lot of 1200 lbs. was sold a few days since at 13 cents per lb. for hog round, no other sales :- for hams there is an active demand, and high rates are paid for a prime article. In Western cured we have nothing of consequence to report. The supply in dealers hands is fully sufficient as but little demand exists at present, and only small sales have taken place from store during the week at 101 to 11 cents for shoulders, and 121 to 13 cents per lb. for sides.——LARD—The market is rather better supplied, and prices have declined a shade. We quote small sales of N. C. at 13 cents per lb. in bbls. For price of Western we refer to our table. PORK-The stock of Northern continues light, and the market rules firm at previous rates. Small sales from store at quotations in table. SALT .- The market is still poorly supplied with Liverpool

ground, and we notice a fair demand from dealers. A lot of 300 sacks was received coastwise in the early part of the week, and sold at \$1 05 per sack, 90 days SHINGLES .- None of consequence coming in, and little or no demand. We quote nominally at \$2 to \$2 25 for Common, and \$4 to \$4 50 for Contract. TIMBER-Arrives sparingly, and there is a fair demand for mill purposes. No sales for the week that we hear of, and quotations in table represent last sales.

FREIGHTS .- We have no change to make on former quotations; the market, however, rules firmer for coastwise, and prices have a decided upward tendency. See table for last CHARLESTON, Oct. 15 .- Cotton .- There was a very active demand for the article to-day, which resulted in the

sale of 3,733 bales, and when the day closed prices were reported ic. in favor of sellers. This very heavy business, as we understand, was based upon the change in the weather and in anticipation of frost accounts. The prices ranged NEWBERN, Oct. 16 .- Turpentine .- Receipts for the week only about 500 bbls. Sales were effected yesterday at \$2 90, at which figure the market seems very firm.

EXPEL THE DOUBTS DIF ALL. FOR STATESMEN, Judges, Editors, Physicians of the oldest schools as well as new, give it their unqualified

sanction, and recommend it for all cases of eruptions, and diseases of the scalp and brain; but all who have used it, unite in testifying that it will preserve the hair from being gray, and from "lling to any age, as well as restore. Read OAK GROVE, S. C., June 24th, 1859. PROP. O. J. Wood-Dear Sir: Your Hair Restorative is rapidly gaining popularity in this community. I have had

occasion to lay prejudice aside, and give your Hair Restorative a perfect test: During the year 1854, I was so unfortunate as to be thrown from my sulky against a rock near the roadside, from which my head received a most terrible blow, causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which my hair was finally destroyed over the entire surface of the head. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man myself, and, as I thought, understanding the nature of the disease, but was finally de-

feated in every prescription advanced. There and no other circumstances induced me to resort to your worthy Hair Restorative, which I have every reason to believe produced a very happy result. Two months after the first application, I had as beautiful a head of young hair as I ever saw, for which I certainly owe you my most sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers; moreover, I shall use my influence, which I flatter myself to say, is not a little.

You can publish this, if you think proper.
Yours, very respectfully, M. J. WRIGHT, M. D.

Office of the Jeffersonian, Philippi, Va., Dec. 12th, 1858. Dear Sir: I feel it my duty, as well as my pleasure, to state to you the following circumstance, which you can use as you think proper. A gentleman of this place, (a lawyer, has been bald ever since his youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your " Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement; I give it to you at the request of Mr. Bradford. You can sell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper agents. Yours, &c.,

THOMPSON SURGHNOR.

Dr. Wood-Dear Sir : Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your " Hair Restorative " it soon recovered its original bue. I consider your restorative as a very wonderful invention, quite efficacious as well as agreeable S. THALBERG.

The Restorative is put up in bottles of three sizes, viz. large, medium, and small; the small holds & a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for \$3 a bottle.
